

Eastside CHADD Schedule 2009-2010 Welcome Back!

Tuesday September 15th: The ADHD/Aspergers/Autism Connection: Steve Becker, Ph.D., specializes in working with Autism/Aspergers, ADHD, OCD, and other emotional, behavioral, and developmental disorders and disabilities. ADHD commonly co-exists with one or more of these and other disorders. Many symptoms “cross over” making accurate diagnosis a challenge. Learn about similarities, differences and effective strategies for managing specific behaviors.

Tuesday October 20th: Helping Kids and Teens Get Organized for Success at School: Susan Small, Director of Student Services at ETC/Educational Tutoring and Consulting, will offer practical strategies for managing homework, organizing school supplies, and staying informed of your child or teen’s progress at school.

Tuesday November 17th: Dr. Harlan Gephart: The Risks of Not Treating ADHD: A Lifetime of Academic and Social Failure. As the Medical Director for the Center for Attentional Deficit Disorders in Redmond, WA, from 1990 until its closure in 2002, and a nationally recognized authority on ADHD, Dr. Gephart has over thirty years experience working with kids and teens with ADHD.

Tuesday December 15th: No Meeting. Enjoy the Holidays!

Tuesday January 19th: Hilarie Cash, Ph.D.: Computer Addiction

Tuesday February 16th: Sandra Lopez, Ph.D.: ADHD Co-Existing Conditions in Children and Adults.

Tuesday March 16th: Attorney Jeannette Cohen: IEP/504 Plans

Tuesday April 20th: Lisa Greene: Love and Logic for Parenting Special Needs Kids

Tuesday May 18th: Dr. Ted Mandelkorn: Medical Management of ADHD, Best Practices of 2009

Tuesday June 15th: Video Night: TBA
